Terri,
How about a 15-second sound bite with a straightforward, factual explanation of what you're doing in Dimock?
I'd come to Philly.
Mike

Mike,

We respectfully decline your offer for an on-camera interview. However, we will have a response to Cabot's latest statements. When I have it, I'll send it to you. -- Terri

Terri,

I spoke with Trish and I do plan to head up there. Would you (or someone else in Philly, but I assume it would be you) be willing to go on camera to explain what EPA is doing in Dimock? A written statement is fine for a text story, but as you know on-camera is infinitely preferable for a video piece. Ideally I'd like to have you address the criticisms by Cabot and others on camera, as well. Please let me know.

Best,

Mike

Terri, Trish,

I'd like to head up to Dimock and get some footage of the EPA testing a resident's water well. I know you are not done the testing yet but probably are more than halfway through, so time is obviously getting short. Please let me know availability.

Thanks,

Mike
